

Hi-Diamond

LED Linear High Bay Light

Combination type Personalise

150LM/W

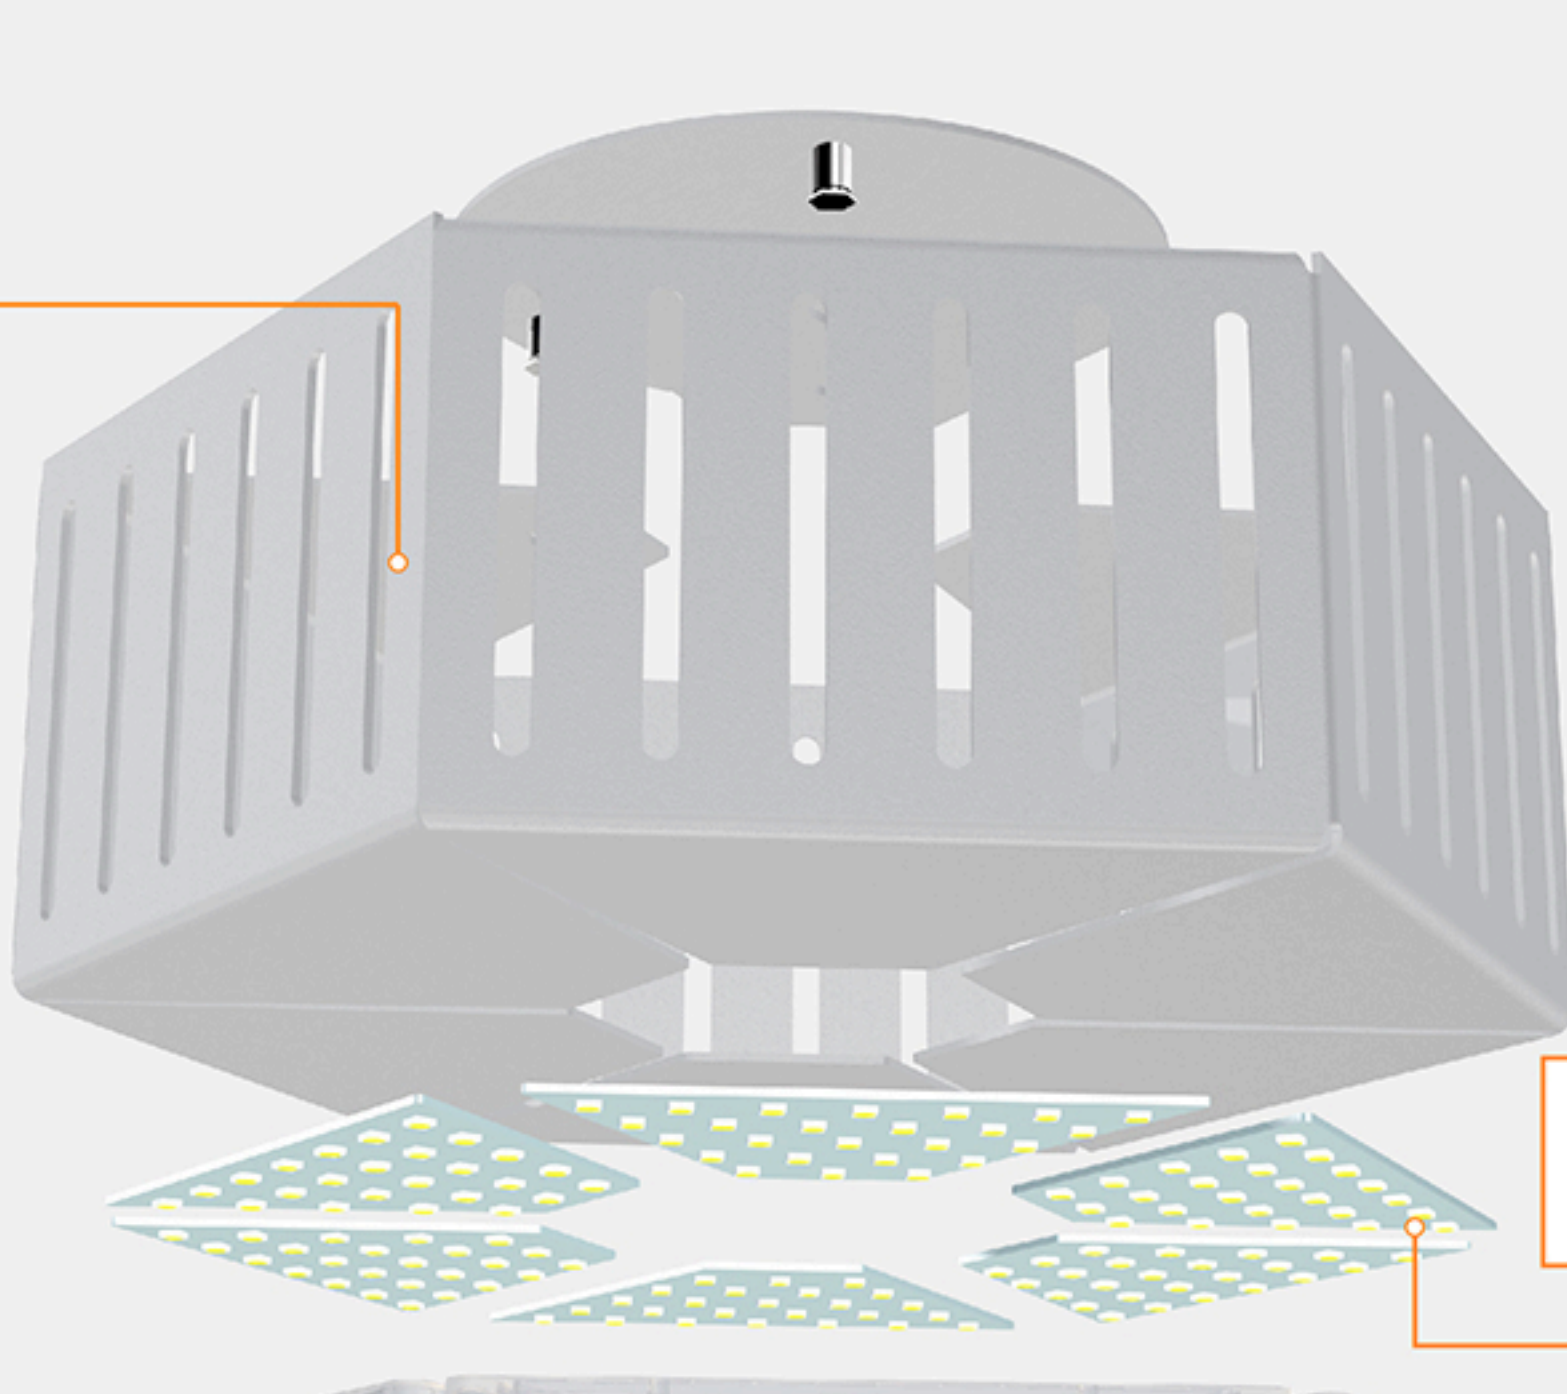

UL US E84577, DLC, SAA, TUV VEET CB IK10

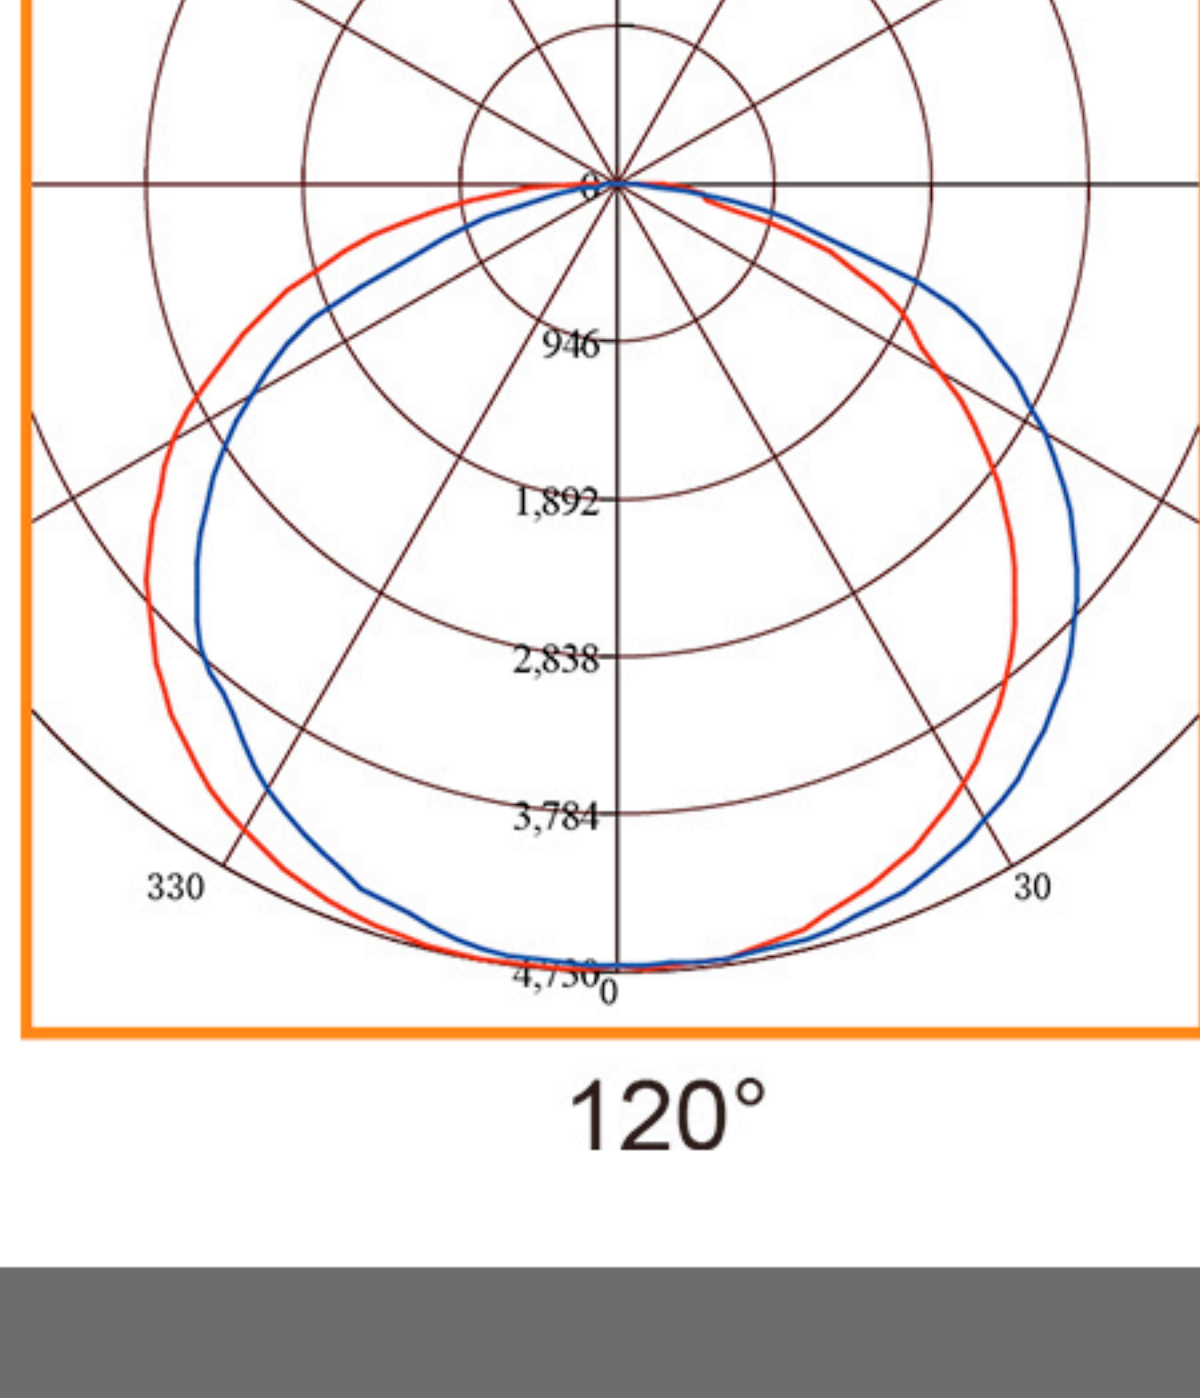

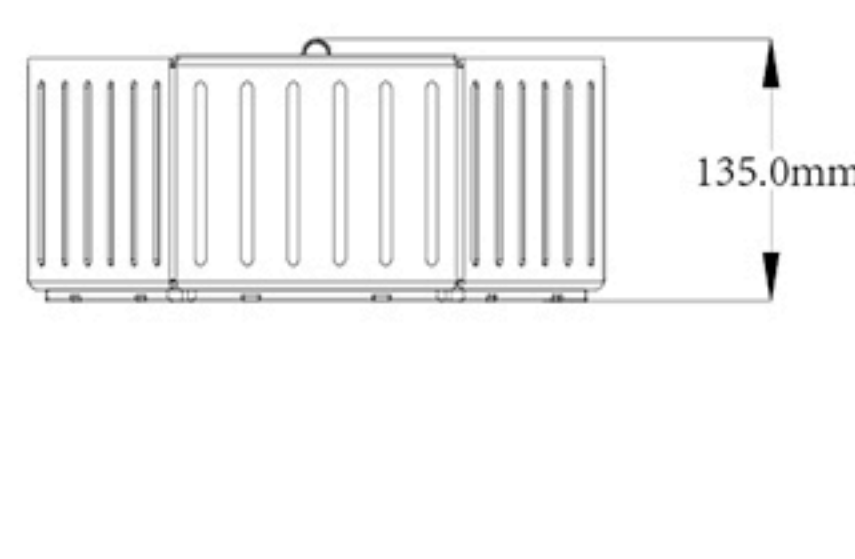

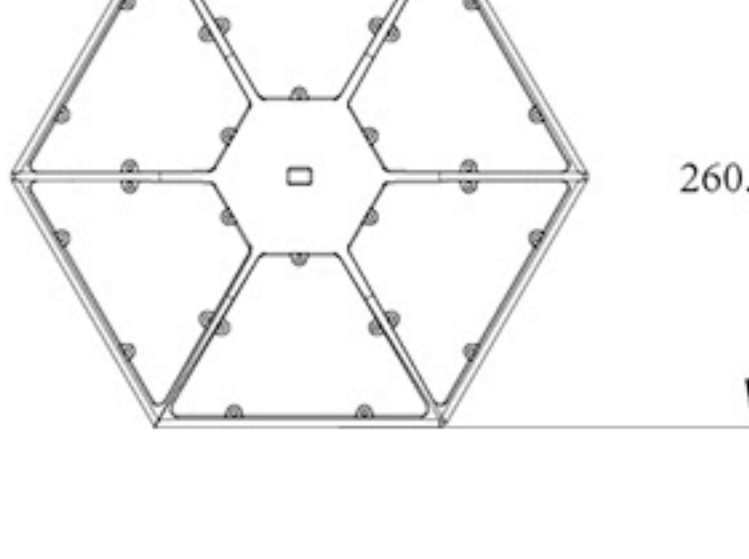

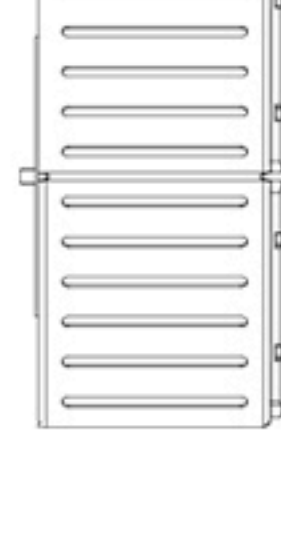

Features

Ultra slim heat sink design makes the lamp lighter and better in heat dissipation

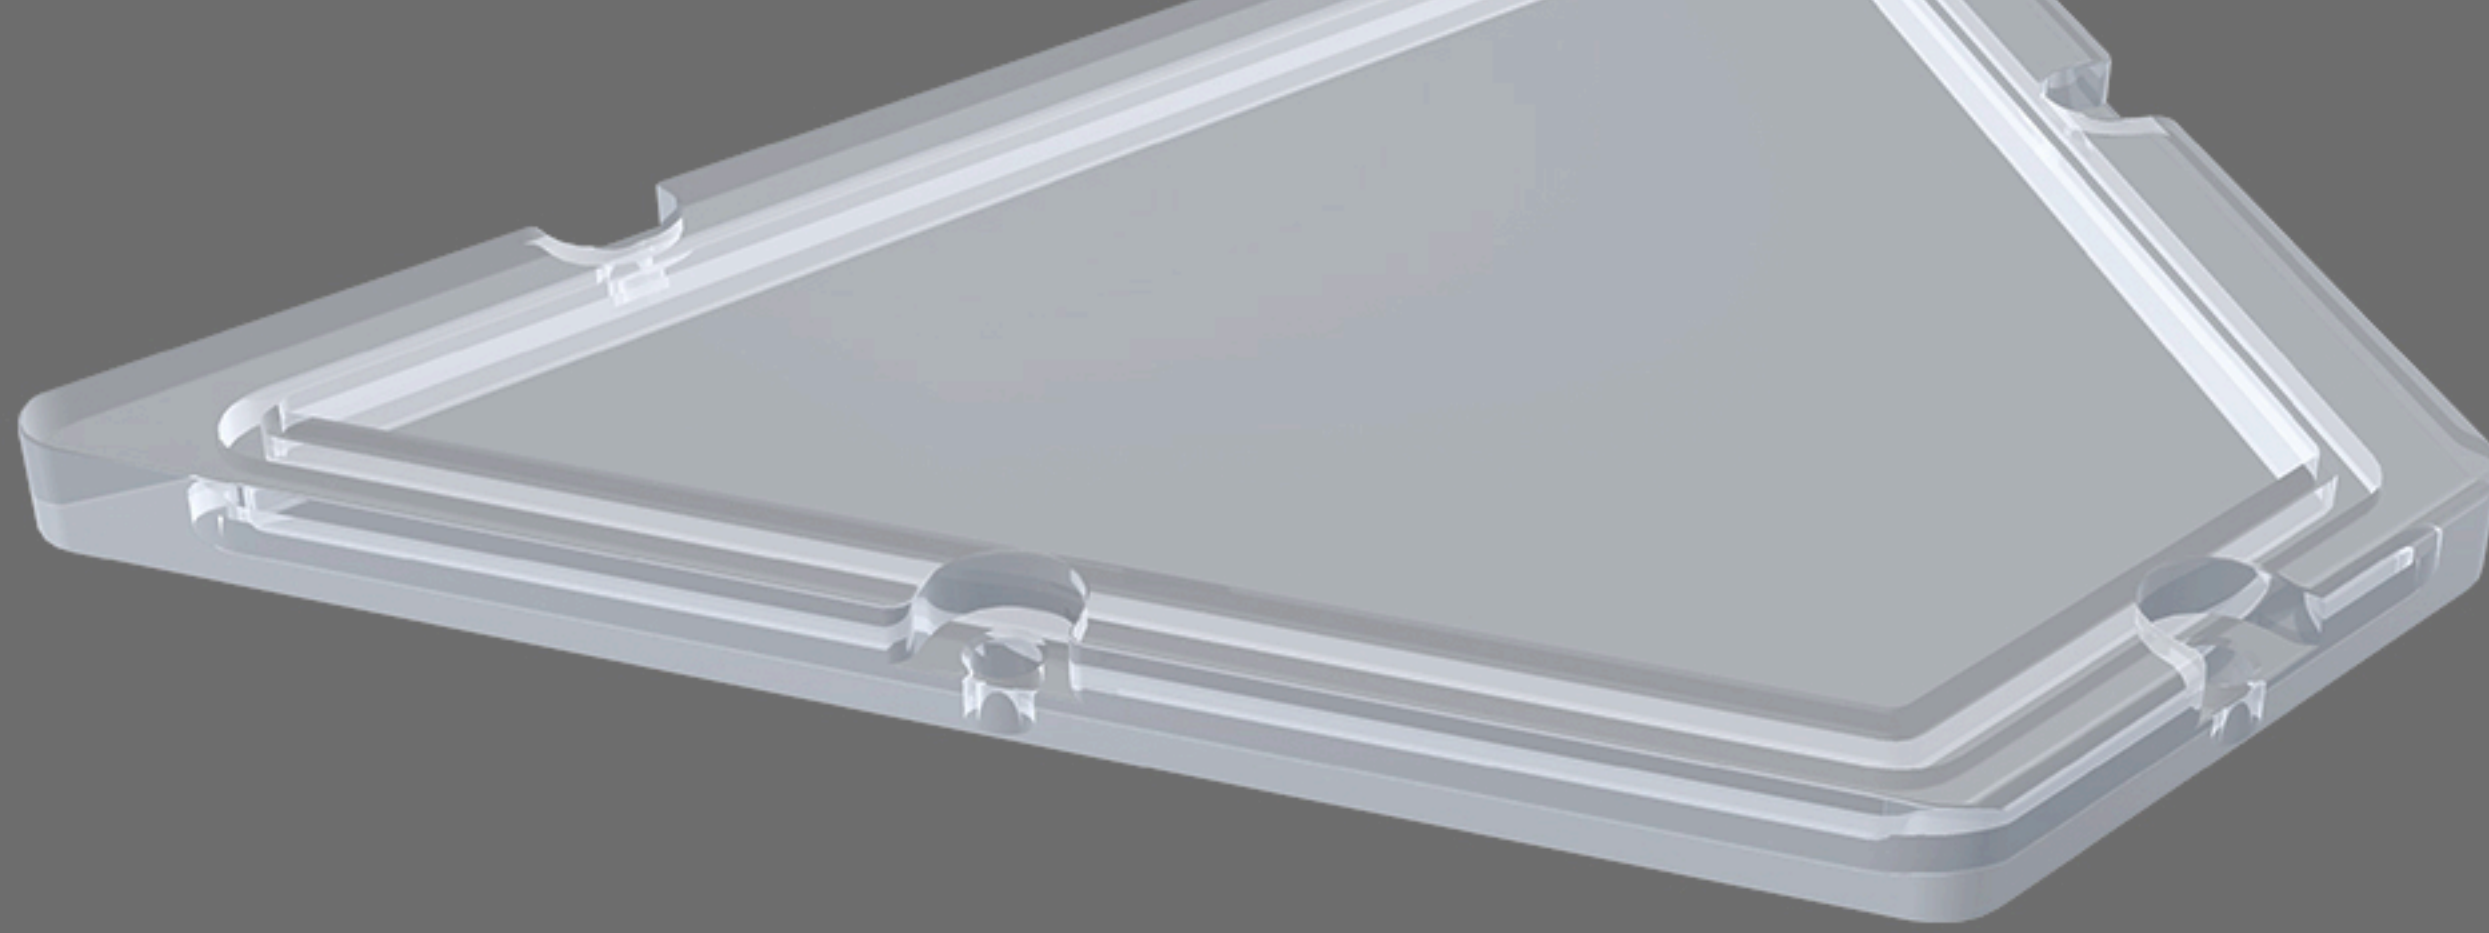

High lumen SMD3030 chip, luminous efficacy 150lm/w

The lenses are fixed by snap without any screws which makes assembling very conveniently. Frosted and transparent lens options. Beam angle 120 degree IP rating up to IP44

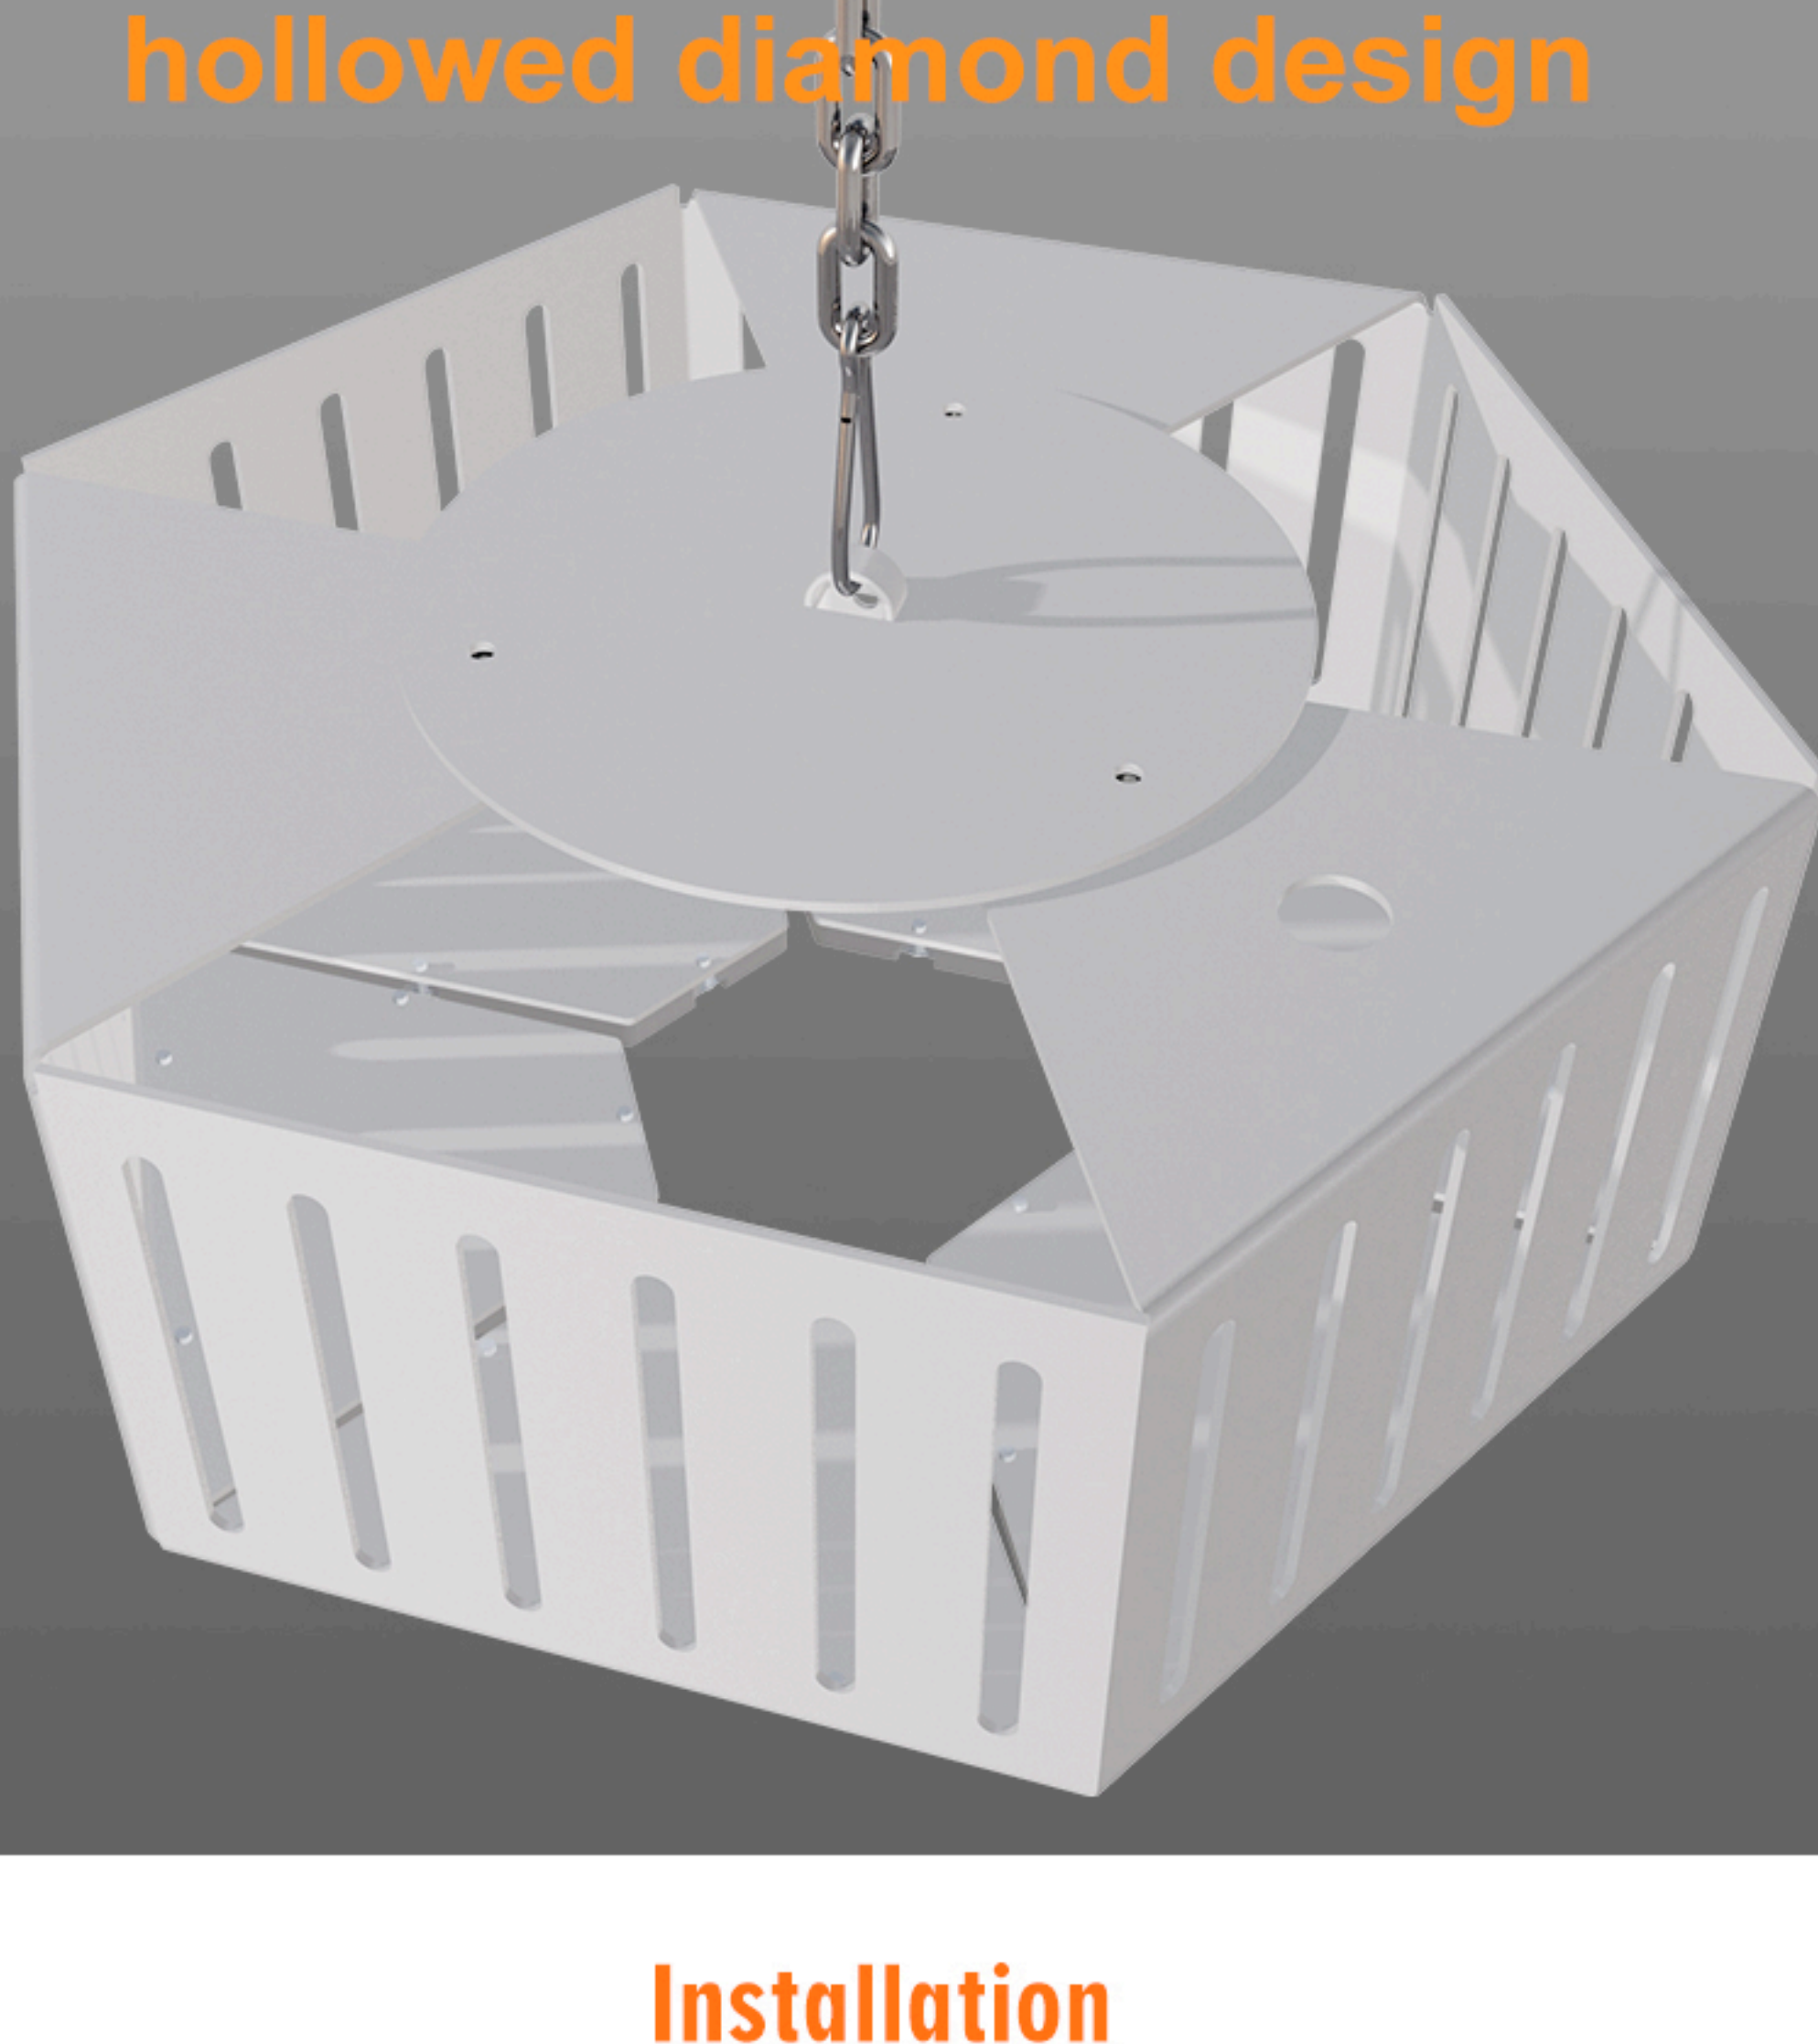

The lenses are fixed by snap without any screws which makes assembling very conveniently.

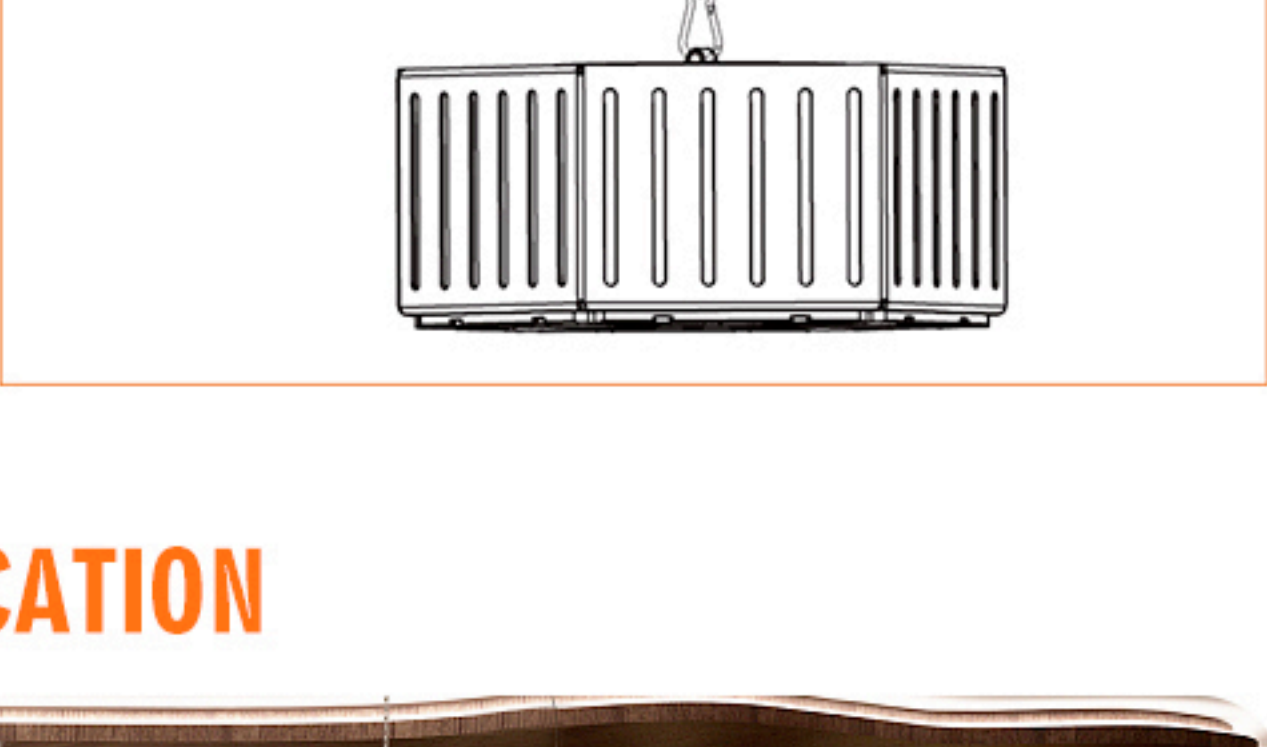

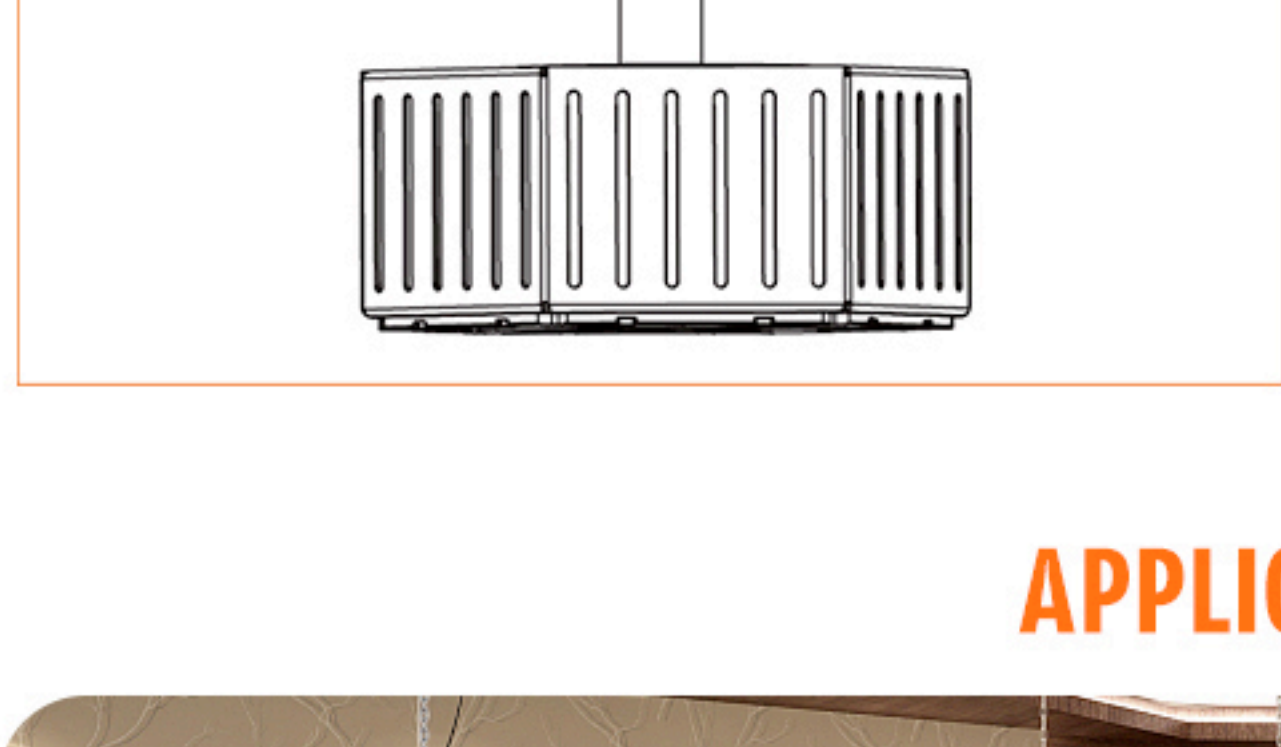

High efficient heat dissipation

High efficiency heat dissipation, hollowed diamond design
